Göttingen/04.02.2024

Dear Dr. Nath,

I am writing to invite you to participate in an academic workshop on “Metamorphoses of the Political: Bengal in the New Millennium” to be held at the University of Göttingen, Germany from 17-24 June 2024. We will cover all costs for your international travel, and provide you with meals and accommodation during the workshop. We would like you to present your research on Bengal politics, and to serve as a discussant and expert commentator on the work of other scholars attending the workshop.

The international workshop is funded by the Centre for Modern Indian Studies (CeMIS) at the University of Göttingen, and the Merian-Tagore International Centre for Advanced Studies, ICAS:MP, an India-Germany research initiative.

Please contact me if you have any further questions. We look forward to welcoming you to Göttingen this June, and hope that you will be able to accept this invitation and share your expertise and knowledge with us.

Best wishes,

Srimpa Roy

Professor and Chair of State and Democracy
